REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record failed to teach an interference signal removing apparatus for removing narrow-band interference signal from input signal including wideband desired signal and narrowband interference signal having an extraction means extracts the inner product of an input vector constituted of a plurality of input signal values and the control vector output from the extraction control means as an extracted interference signal and the extraction suppression means restricts the effective word length of a digital control value constituting the control vector output from the extraction control means and suppress the interference signal amount to be extracted by the extraction means.

The applicant is reminded that there are possible provisional obvious double patenting claim 3 on the current application and the claim 10, 14, and 18 of the application 09960376 and claim 4 on the current application with claim 2 and 22 of application 10101072. Applicant is reminded to notify the examiners of the corresponding examiners and take appropriate actions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
